

Racing Rules of Sailing

The Call Book for Match Racing – Split UMP 9

A submission from the Chairman of Racing Rules Committee

Purpose or Objective

Making the Call Book for Match Racing more user friendly and align the format of the two call books.

Proposal

This submission assumes the submission about restructuring The Call Book for Match Racing is approved.

Split current call UMP 9 into two calls and insert Questions 1 and 2 as separate calls in new Section A - Definitions and Fundamentals and Question 3 in new Section G - The Run.

Current Position

Call UMP 9 is a call in the current Call Book for Match Racing.

Reason

Call UMP 9 contains more than one subject. These subjects belong in different sections of the restructured Call Book.

This is a logical consequence of restructuring the complete Call Book for Match Racing into sections in the same format as the Call Book for Team Racing.
