Racing Rules of Sailing

The Call Book for Match Racing – Split UMP 20

A submission from the Chairman of Racing Rules Committee

Purpose or Objective

Making the Call Book for Match Racing more user friendly and align the format of the two call books.

Proposal

This submission assumes the submission about restructuring The Call Book for Match Racing is approved.

Split current call UMP 20 into two parts. Question 1 is to be inserted as a General Principle for Umpire Decisions and Question 2 as a separate call in new section D - The Windward Leg.

Current Position

Call UMP 20 is a call in the current Call Book for Match Racing.

Reason

Call UMP 20 contains more than one subject. These subjects belong in different sections of the restructured Call Book.

This is a logical consequence of restructuring the complete Call Book for Match Racing into sections in the same format as the Call Book for Team Racing.
