

International Measurer

Appointment to Additional Classes

A submission from the Chairman of the Race Officials Committee

Proposal

33.13.4 An International Measurer applying for appointment to an additional Class shall:

(a) have acted as an Equipment Inspector in at least two principle events (as defined by the International Measurers Sub-committee) of the Class he is applying for, within the four years prior to 14 October of the year of application;

(b) have an intimate knowledge of the relevant class rules and the ISAF Equipment Rules of Sailing.

(c) be recommended by the relevant class association and another International Measurer.

33.13.4 5 Once appointed, an International Measurer shall not be employed by or act as a consultant to or regular official measurer at a builder for that class.

Current Position

As above.

Reason

It is desirable to permit International Measurers to obtain appointment to provide service to additional Classes. This will facilitate the IMSC's efforts in respect of supporting multi-class events by training and qualifying International Measurers to serve as inspectors for each of the Classes, and will provide better service to ISAF Classes.
