ISAF Race Officials

Regulation 31.15.1

A submission from the Chairman of the Race Officials Committee

Purpose or Objective

To ensure that a candidate for first appointment as International Race Officer has been assessed by at least two different International Race Officers.

Proposal

In Regulation 31.15.1, amend clause (i) as follows:

31.15.1 A candidate for first appointment as International Race Officer shall have complied in the 4 years prior to 14 October of the year of application with the following:

... 

(i) have obtained three completed International Race Officer Reference Forms (on the water assessment) from three different ISAF Race Officials at least two of which shall be completed by an International Race Officer who observed the candidate’s performance on the water.

Current Position

As above.

Reason

The Race Management Sub-committee feels that the majority of on the water assessment forms must come from International Race Officers. An International Race Officer has better knowledge of detailed race management procedures and best practices.
