Protest Form

Protest Number

A submission from The Royal Netherlands Yachting Union

Proposal

Put the protest number on the top right-hand corner of the front page:

Number: ...

Received by race office: Number .... Date and time ............ Signature .............................................

Current Position

First page:

Received by race office: Number ...... Date and time ............... Signature .............................................

Reason

The protest number is essential to identify the protest. It is much clearer if this number is shown in the top right-hand corner.
