Racing Rules of Sailing

Rule 90.3(c)

A submission from US Sailing

Purpose

To remove an ambiguity in rule 90.3(c).

Proposal

Change rule 90.3(c) as follows:

(c) When the race committee determines from its own records or observations that it has scored a boat incorrectly, it shall correct the error provided that it can do so using its own records or observations and shall make the corrected scores available to competitors.

Current Position

As above.

Reason

The current rule contains a qualifying clause (‘from its own records or observations’), but it is not clear whether that clause pertains to the discovery of the error or to correcting the error. This proposal eliminates that ambiguity by making it clear that the clause pertains to correcting the error.
