PART I - ADMINISTRATION

1. NOTICES AND SUBMISSIONS

1.1 Member National Authorities, International Class Associations, the Executive Committee, the Chairmen of Committees established by the Council, and the President may make submissions. Recognized Class Associations may make submissions to change their class rules.

1.2 A notice, submission, proposal or nomination to the ISAF shall be addressed to the Secretary General at the address of the ISAF Secretariat and shall be delivered in writing by hand, post, fax or Email.

1.3 A submission from a Member National Authority shall be signed by the President, Vice-President, Chairman or Secretary of that Member.

1.4 A submission from an International or Recognized Class Association shall be signed by the President, Chairman or Secretary of the Class Association.

1.5.1 A submission or proposal shall state the proposal, the current position, any Article, Regulation or Rule considered to be affected and the reasons for the proposal. In a submission or proposal to change the Article, Regulations or Rule, the current Article, Regulation or Rule shall be quoted in full, and the proposed changes be set out with the exact words to be inserted and/or deleted.

1.5.2 Regulations approved by Council without changes to the text as recommended to the Council by the Constitution Committee shall be effective on the date of approval unless a later date is stated in Council’s decision.

1.5.3 In the event that Council’s decision changes the text as recommended to the Council by the Constitution Committee, the Regulation shall not be effective until such text shall have been resubmitted to the Constitution Committee for its recommendation and is approved by Council at its next meeting. The effective date of the approved text shall be as stated in Regulation 1.5.2 above.

1.5.4 Where appropriate, the Chairman of the Constitution Committee may certify that the changes to the text have been approved either:

(a) where there is sufficient time to do so, by the members of the Constitution Committee after discussion by email or other electronic means; or

(b) where a change is proposed at a Council Meeting, by those members present at that meeting.

1.6 Subject to the provisions of Regulations 2.3, submissions or proposals shall be received at the ISAF Secretariat in respect of:

(a) the Annual ISAF Meeting, by 1200 hours UTC on 1 August except Class rule change submissions, which shall be received by 1200 hours UTC on 1 September.

(b) the Mid-Year meeting or other meetings, not less than eight weeks before the meeting at which it is considered. Only urgent submissions may be considered at a Mid-Year meeting. The Executive Committee shall determine whether a submission is urgent. (The provisions of this section do not apply to submissions or proposals brought forward under Regulation 1.8 and 16.1.2);

(c) notwithstanding Regulation 1.6 (a) and 1.6 (b) above, Submissions made by the Executive Committee arising out of the September meeting shall not be late submissions provided they are included in the November Conference mailing.
1.7 A late submission may only be considered upon the approval of the President or in his absence of one of the Vice-Presidents and then only when he considers that a matter of urgency is involved.

1.8 Any other late submission shall be placed on the agenda for the next available meeting of the General Assembly, Council, or Committee (as the case might be), if the person or body which made the submission so requests.

1.9 The Council shall not resolve any matter or substance unless it is based upon a submission which has been received in accordance with these regulations or is otherwise on the agenda of a committee of the Council.

1.10 A notice or submission shall be deemed to have been given or made on the date of receipt at the office of the ISAF.

1.11 The Secretary General shall keep a register of addresses of all members of the ISAF, the members of the Council and members of the Committees. Notices from the ISAF shall be deemed to be properly delivered if dispatched by post, telex, fax or Email to the appropriate registered address. Notices to be given by the Secretary General shall be dispatched not less than one calendar month before the meeting to which they relate, provided that under exceptional circumstances failure to dispatch a notice in proper time shall not invalidate such notice or preclude the subject matter of such notice being placed on an agenda and resolved, if the General Assembly, Council or Committee (as the case might be) so decides.

1.12 All notices and circulars sent to Members shall be sent to the members of the Council for information.

1.13 All submissions or proposals complying with Regulation 1 shall be placed on the agendas of the appropriate Committees.

1.14 The procedure for deciding on submissions as received and summarized as in Regulation 1.13 will be as follows:

(a) during their meeting the ‘reporting committee’ shall allow representatives from those responsible for the submission to speak to it;

(b) those submissions which affect ISAF regulations and articles will be included on the agenda of the Constitution Committee who will be required to give their input on any such changes;

(c) before the Council meeting, the ISAF staff will prepare a ‘recommendations paper’ detailing the recommendations on each submission from the reporting committee and the opinions from the ‘other committees’. The Chairman of each committee will be asked to authenticate that the ‘recommendation paper’ shows an accurate record of the committee’s discussion on submissions allocated to their committee;

(d) in making recommendations on submissions, committees may not recommend a substantial change;

(e) the chairman of the reporting committee for a submission will be invited to give their verbal recommendation to Council on the submission;

(f) the opinions of ‘other committees’ will be received in writing as part of the ‘recommendations paper’.

1.15 The procedure for deciding on Committee recommendations not based on official submissions shall be as follows:
(a) recommendations that are either pending from previous Committee Meetings or new items deemed urgent and requiring an immediate Council decision may be presented to Council;

(b) Council may decide to make a decision on such recommendations or defer the matter to the next Council meeting;

(c) any recommendations from the Constitution Committee which bring about a change to the Regulations may be deferred to the following Mid Year or Annual meeting by the Council.

1.16 Further to Article 62, for all ISAF Committee meetings (with the exception of the Audit Committee whose requirements are detailed in Regulation 15.1);

A secretary shall minute the proceedings and resolutions of all meetings of the Committee, including recording the names of those members present, and the details of any conflict of interest, the existence of which they shall ascertain at the beginning of each meeting. The minutes of the meeting shall be circulated to all members of the Committee and to the members of Council.

2. ISAF MEMBERSHIP - ISAF FULL MEMBERS AND ISAF ASSOCIATE MEMBERS

Member Challenging the Membership of a Full Member

2.1 No submission for the cancellation of the membership of a Full Member pursuant to Articles 15 and 16 shall be laid before the Council unless it is made in writing by an organization authorized to make such a submission pursuant to Article 15 and has first been examined together with the evidence, arguments and allegations cited in support thereof, by the Constitution Committee.

The purpose of such an examination shall be to ensure that irrelevant matters shall be excluded from the deliberations of the Council and that the Full Member concerned should have a proper opportunity to be informed and to answer the case that has been submitted in support of the cancellation of the membership of that Full Member.

The Constitution Committee may also advise as to the details of the procedure to be followed in dealing with the submission provided that such advice is not contrary to the Articles and Regulations governing these proceedings.

2.2 A submission for the cancellation of the membership of a Full Member under Article 15 shall:

(a) state the grounds upon which such cancellation is sought;

(b) include a summary of the allegations and evidence that will be cited in support of the submission; and

(c) include copies of any documentary evidence upon which it is intended to rely.

2.3 Notwithstanding Regulation 1.6, any such submission shall be submitted to the Secretary General so that it shall be received by him not less than ten weeks before the meeting of the Council at which the submission shall be considered.

2.4 The Secretary General shall forthwith send a copy of all material received by him in respect of the submission to the Full Member concerned by registered first class post.

2.5 The Full Member concerned shall submit to the Secretary General, within thirty days of having received the material referred to in regulation 2.4, a reply to the submission which shall include a summary of the evidence and arguments which shall be cited against the submission, and copies of any documentary evidence upon which it is intended to rely.
2.6 The submission and reply (together with accompanying documents) shall be examined by the Constitution Committee which may direct that any arguments or evidence which is considers irrelevant for the purposes of the Council’s deliberations shall be excluded or that documents shall be put forward in or accompanied by a summarized or abbreviated form.

2.7 The submission and reply (together with the accompanying documents) shall then, amended as necessary pursuant to the above examination by the Constitution Committee, be submitted to the Council. Each member of the Council shall be provided with copies of all the relevant documents at least seventy-two hours prior to the meeting at which the submission and the reply, if any, is to be considered.

2.8 At any such meeting of the Council the Full Member making the submission shall be given an opportunity to make an oral presentation (which may not introduce any new evidence or material not included in the written presentation or introduce any new argument not fairly raised in the written presentation), following which the Full Member which is the subject of the submission (the “Full Member concerned”) shall be given an opportunity to supplement its written reply and, in particular, to answer any of the points made in the said oral presentation.

2.9 A lawyer retained by the Federation shall be present at such meeting of the Council available to advise the Chairman upon procedural or legal matters that may arise during the course of the meeting. The Chairman may also call on the Chairman of the Constitution Committee (if he is a lawyer) or his nominee from among the legal members of the Constitution Committee to advise on matters arising out of the Committee’s participation in the process of preparing the submission. The Chairman shall rule on any procedural matters that may arise, and his ruling thereon shall be final and binding.

2.10 The procedure to be followed in respect of any review by the General Assembly of the cancellation of the membership of a Full Member shall be similar to the procedure prescribed above in relation to a cancellation of membership.

2.11 Any request by the Full Member concerned for a review by the General Assembly shall be treated in the same manner as a submission referred to in Regulation 1. The Full Member who made the original submission for cancellation of the membership of the Full Member concerned shall be entitled to receive all the relevant documents and to address the General Assembly, and the Full Member concerned shall be entitled to speak in reply.

Where there is only one Applicant for Membership that is an existing National Organization representing sailors (Case 1)

2.12 Where there is only one applicant for membership pursuant to Article 5 that is an existing National Organization representing Sailors the applicant organization shall meet all of the following criteria.

The applicant:

(a) shall be organized on a national basis and capable of exercising its mandate wherever there is significant sailing activity;

(b) shall be recognized by the National Sports Authority if there is one, whether it be government sponsored or not;

(c) shall be recognized by the National Olympic Committee if there is one;

(d) represents officially through membership or affiliation, a significant majority of the yacht or sailing clubs and other sailing organizations of the country;

(e) while not mandatory, it is expected that an applicant National Authority shall be a member of regional sailing organizations for which it is eligible;
(f) while not mandatory, participation in international racing is desirable and encouraged.

Challenging the Eligibility for Membership of a National Authority who is applying for Membership (Case 2)

2.13 In the case of an organization claiming to or exercising the authority to regulate and manage the sport of sailing in a country and seeking membership in the Federation or in the case of one or more such organizations seeking membership in respect of the same country and before the membership of any of such applicants is accepted by the Council:

(a) if the Notices calling a pending meeting the Council have been mailed, the Council; and

(b) if such Notices have not been mailed, the Executive Committee shall determine whether there is a valid competition between organizations to become a Full Member for that country. The purpose of such determination is to ensure that only organizations having a valid claim to being a National Authority are given status as parties to the determination of competing applications.

2.13.1 The Executive Committee or the Council, whichever has the carriage of the matter, shall direct the applicants to meet the criteria of being a National Authority. The Secretary General on the completion of his information gathering shall report to the Executive Committee or to the Council as the case may be his opinion as to which, if any, of the organizations are qualified as applicants. The Executive Committee or the Council shall examine the material collected by the Secretary General and shall make a determination as to which applicants shall be determined to be Applicants with status in the process of determining the organization, if any, that shall be accepted as a Full Member representing the Country in question.

2.14 Once the number of Applicants has been determined, if there is only one the Applicant shall proceed as in the case of an uncontested application for Full Membership under Article 5 and Regulation 2.12.

2.14.1 If there is more than one Applicant the process is a Contested Application and the procedure set forth in Regulations 2.1 to 2.11 shall be followed with such changes as are necessary to suit the case. In particular, an Applicant’s submission shall be in two parts; (a) an application to become a Full Member, and (b) a submission challenging any or all of the other Applicant’s submissions. For the purposes of the procedure in Regulations 2.1 to 2.11, part (b) of each Applicant’s submission shall be treated as a submission challenging the other Applicant’s part (a) submission pursuant to Regulation 2.2.

2.15 In determining a Contested Application the Applicant parties, and any official or body of the ISAF considering Applications or any material arising there from shall consider the criteria set forth in 2.12 and 2.18.

Cases where there is not an Established National Organization meeting the above criteria and where there is a Contested Application (Case 3)

2.16 The suggestions in this section will comprise the criteria for all other cases. These will principally be:

(a) cases where there is not a National Authority covering the nation (such as a Club or an organization or one or more clubs who organize racing for themselves or others);

(b) where there are competing bodies claiming jurisdiction over sailing in general or particular kinds of sailing;

(c) cases where government authority have attempted or succeeded in forcing sailors into a government-sponsored organization but where there are independent organizations of sailors existing.
2.17 In general it will not be possible to require all of the criteria necessary in Case 1 for cases in Case 2. The overriding principle will be to choose the organization which represents the most sailors or the most active sailors and can best provide the services expected of a Member National Authority. It will be of paramount concern that the organization is organized to provide adequate representation of the club or sailor members:

(a) In Case 3 described in 2.16(a) and 2.16(b), it is assumed there will be one or more competently organized sailing organizations in the nation. It will be necessary to balance the degree of representation of sailing activity and the capability to provide adequate services in deciding what organization should be recognized. It should be recognized that in some situations ISAF should encourage a reorganization of sailing within the country and that no membership should be accepted until a reasonable solution is found. It should also be recognized that separate organizations which govern only one aspect of sailing can apply for affiliate membership without being the Member National Authority;

(b) Recognition by the National Sports Organization will be a major positive criteria for acceptance as a member but not absolutely mandatory;

(c) Recognition by the International Olympic Committee will also be a major positive criteria for acceptance and, except in unusual cases (such as inability to afford contesting in the Olympics), would be mandatory;

(d) Criteria 2.12(e) and 2.12(f) of Case 1 would be less important in Cases 2.16(a) and 2.16(b);

(e) Cases described in 2.16(c) are probably not capable of having specific mandatory criteria applied in advance. The criteria in Cases 2.12(a) to 2.12(f) and 2.18 would need to be considered. While great consideration should be given to a body which is recognized by either the national sports organization and/or the International Olympic Committee, it should be recognized that this alone is not necessarily sufficient. It should be recognized that where there is existing conflict between organizations purporting to represent sailors as a national authority, ISAF may wish to make suggestions to allow a membership to be accepted.

**Specific Requirements (applies to all applications under Regulations 2.12-2.15 inclusive).**

2.18 In addition to the foregoing criteria, an applicant shall also have complied with the following requirements:

The applicant shall have:

A Constitution which has been passed by a majority of the members at a meeting duly called for that purpose. The Constitution shall provide, among other things, for:

2.18.1 (a) reasonable representation of all sailing bodies which are members. Without limiting the foregoing members shall include yacht and sailing clubs, multi-sport clubs which provide sailing, class associations, specialized sailing and sailing associations;

(b) at least one annual meeting of members for which notice is provided of the meeting and the business to be conducted at the meeting; or

2.18.2 Where the circumstances in the country concerned are such that the provisions of paragraph 2.18.1 are not practical, such other arrangements that represent the best interests of every class of members referred to in it. Where practical to do so, that Constitution shall be approved by the members at a meeting duly called for that purpose.

2.18.3 The Constitution shall be approved by the Constitution Committee of ISAF and referred to the Executive Committee for its approval and then to the Council for final approval.
2.19 Completion of the application form/questionnaire in a suitably complete manner with all required documents.

2.20 Payment of the determined fee (subject to any remission sanctioned by the Council or Executive Committee).

2.21-2.27 Reserved for future use

**Associate Membership**

2.28 Pursuant to Articles 4 and 5, there shall be a membership category for National Authorities called Associate Membership. Associate Membership will generally be available to smaller National Authorities for whom the expense of Full Membership would be a burden.

2.29 Associate Members will receive different benefits to ISAF Full Members, and should focus on the development of sailing. Associate Members shall be entitled to:

(a) hold ISAF Training Programmes (i.e., Race Officials, Learn-To-Sail Training Programmes);

(b) receive specified ISAF Publications;

(c) receive ISAF Mailings and Circulars;

(d) participate in ISAF Events, World and Continental Championships, and Regional Games, with the approval of the ISAF Council;

(e) attend open meetings of the ISAF General Assembly and the ISAF Annual and Mid-Year Meetings as an observer.

2.30 Associate Members shall not be entitled to:

(a) any services or information from ISAF, apart from those detailed above, or as publicly available on the ISAF website;

(b) make submissions to ISAF;

(c) appoint ISAF Council Members;

(d) nominate individuals for the position of ISAF President or Vice-President, or ISAF Committees;

(e) be represented at the ISAF General Assembly;

(f) participate in the Olympic Games, unless payment of past subscriptions are received.

2.31 Countries approved as Associate Members shall:

(a) pay an annual subscription of £27.00 per year;

(b) be entitled to be an Associate Member for a maximum of three years only, after which continuing membership will be at the discretion of the ISAF Council, following recommendation by the ISAF Executive Committee.

2.32 Application for Associate Member status shall be made to the Secretary General who shall place it before the ISAF Council. The ISAF Council shall take into consideration the status of the sport in the country and of the constitution of the National Authority making the application.

2.33 The ISAF Council may suspend or cancel the membership of an Associate Member which has failed to pay its subscription for a period of at least 12 calendar months after the due date or in the opinion of the ISAF Council has failed to comply with its or his membership obligations in a material respect.
Continental Associations

2.34 Continental Associations may apply to the ISAF for affiliate membership. On applying, it shall satisfy the ISAF that it complies with the following criteria:

(a) that it represents a Continent;
(b) that at least two-thirds of the Member National Authorities existing in the Continent it represents are members;
(c) that its objects include:
   (i) the promotion of the sport of sailing in its area of influence;
   (ii) the co-ordination, together with local member national authorities of the competition calendars to avoid clash of dates of competitions;
   (iii) the establishment of the basis for development and promotion of classes, which are popular in its territorial area, though not recognized by ISAF;
   (iv) the promotion of race officials' education and the encouragement of exchanges of race officials between countries in its area; and
   (v) the co-ordination of competition activities with the Member National Authorities and the regional sports organizations within their regions which are responsible for organizing sports events in their region.

20.3.1 In addition to 20.3, additional advertising chosen by the individual boat may be displayed in the following categories:

(a) **Category A**
   No additional advertising.

(b) **Category C**
   Advertising is permitted as per Category A, and in addition on hulls, spars and sails without restriction except the space reserved for identification by Appendix G and under section 20.3(b)(i), 20.3(c)(i) and 20.3(d)(i).

20.3.2 When equipment is supplied by the event’s organizing authority, Category C advertising on the supplied equipment is available to the organizing authority. Where a bib, or its equivalent, is supplied at an event, it may be worn at the absolute discretion of the individual competitor.

**All Classes (except when participating in events listed in Regulation 20.6.1) - ISAF and Non-ISAF Status, National Classes**

20.4 The right to choose Category A or C applies to all ISAF Classes, except Olympic Classes which shall be unrestricted Category C.

20.4.1 (a) The Class Associations of ISAF Classes may decide the advertising category to be applied to their class to be either A or C. If the Class Association makes no ruling, Category A shall apply;

(b) The Class Associations of Non-ISAF Classes (excluding National Classes referred to in Regulation 20.4.1(c) below) may decide the advertising category to be applied to their Class to be either A or C. If the Class Association makes no ruling, Category A shall apply;

(c) For National Classes the National Authority of the Class decides Category A or C. If the National Authority makes no ruling, Category A shall apply.

20.4.2 If Category C status is chosen, only the National Authority may introduce an Individual Advertising License System to permit its competitors to display advertising on their boats/sailboards. (A breach of a National Authority's license system is not protestable under this Code).

20.4.3 For club or invitational events the organizing authority may restrict advertising to Category A, with the approval of the National Authority of the organizing club. Where the event includes a class that has been chosen as equipment for the forthcoming Olympic Sailing Competition, the limitations of Regulation 20.4.1 do not apply to that specific Olympic class, unless approved by the ISAF Executive Committee.

20.4.4 If Category C is decided, the ISAF Classes (except for Olympic Classes) and non-ISAF Classes (including National Classes) may decide the maximum level of advertising. Any restrictions within Category C shall be included in the Class Rules and subject to a recommendation by the ISAF Executive Committee and ISAF Council’s approval. Olympic Classes cannot restrict Category C in any way.

20.4.5 Except as provided by Regulations 20.3 and 20.3.2 the right to have any or all advertising on the hulls, sails and spars shall be solely the right of and at the direction of the
competitor provided that such right may be contracted or assigned to others at the competitor's discretion.

**Handicapping Systems and Rating Rules**

20.5 The National Authority of a competitor in respect of the boat in which the competitor is competing, may decide the advertising category to be applied to boats racing under a handicap/measurement system to be either A or C. If Category C is decided, the said competitor's National Authority may decide the maximum level of advertising. If the National Authority makes no ruling, Category A shall apply.

Any "Class" (see definition of Class) or individual boat racing under a handicap/measurement system shall have its advertising category determined in accordance with the provisions of this clause.

20.5.1 For the purposes of Regulation 20.5, the provisions of Regulations 20.4.2, 20.4.3 and 20.4.5 shall apply.

21. ANTI-DOPING CODE

INTRODUCTION

Preface
At the ISAF Mid-Year Meeting held on 25 May 2003 in Oslo, Norway, the International Sailing Federation (ISAF) accepted the World Anti-Doping Code (the "Code"). These Anti-Doping Rules are adopted and implemented in conformance with ISAF's responsibilities under the "Code", and are in furtherance of ISAF's continuing efforts to eradicate doping in the sport of sailing.

Anti-Doping Rules, like competition rules, are sport rules governing the conditions under which sport is played. Athletes accept these rules as a condition of participation. Anti-Doping Rules are not intended to be subject to or limited by the requirements and legal standards applicable to criminal proceedings or employment matters. The policies and minimum standards set forth in the "Code" and implemented in these Anti-Doping Rules represent the consensus of a broad spectrum of stakeholders with an interest in fair sport and should be respected by all courts and adjudicating bodies.

Fundamental Rationale for the "Code" and ISAF's Anti-Doping Rules

Anti-doping programmes seek to preserve what is intrinsically valuable about sport. This intrinsic value is often referred to as "the spirit of sport"; it is the essence of Olympism; it is how we play true. The spirit of sport is the celebration of the human spirit, body and mind, and is characterized by the following values:
- Ethics, fair play and honesty
- Health
- Excellence in performance
- Character and education
- Fun and joy
- Teamwork
- Dedication and commitment
- Respect for rules and laws
- Respect for self and other participants
- Courage
- Community and solidarity
Doping is fundamentally contrary to the spirit of sport.

**Scope**

These Anti-Doping Rules shall apply to ISAF, each Member National Authority (MNA) of ISAF, and each participant in the activities of ISAF or any of its MNAs by virtue of the participant’s membership, accreditation, or participation in ISAF, its MNAs, or their activities or events. Any person who is not a member of a MNA and who fulfills the requirements to be part of the ISAF registered testing pool, must become a member of the person’s MNA, and must make himself or herself available for testing, at least twelve months before participating in international events or events of his/her MNA.

It is the responsibility of each MNA to ensure that all national-level testing on the MNAs complies with these Anti-Doping Rules. In some cases, the MNA will be conducting the doping control described in these Anti-Doping Rules. In other countries, many of the doping control responsibilities of the MNA have been delegated or assigned by statute to a National Anti-Doping Organization. In those countries, references in these Anti-Doping Rules to the MNA shall apply, as applicable, to the MNAs National Anti-Doping Organization.

These Anti-Doping Rules shall apply to all doping controls over which ISAF and its MNAs have jurisdiction.

*Doping control* is administered in order to uphold the requirement of RRS Fundamental Rule 5.

**DEFINITIONS**

**Adverse Analytical Finding**
A report from a laboratory or other approved testing entity that identifies in a specimen the presence of a prohibited substance or its metabolites or markers (including elevated quantities of endogenous substances) or evidence of the use of a prohibited method.

**Anti-Doping Organization**
A signatory that is responsible for adopting rules for initiating, implementing or enforcing any part of the doping control process. This includes, for example, the International Olympic Committee, the International Paralympic Committee, other Major Event Organizations that conduct testing at their events, WADA, International Federations, and National Anti-Doping Organizations.

**Athlete**
For purposes of doping control, any person who participates in sport at the international-level (as defined by each International Federation) or national level (as defined by each National Anti-Doping Organization) and any additional person who participates in sport at a lower level if designated by the person’s National Anti-Doping Organization. For purposes of anti-doping information and education, any person who participates in sport under the authority of any signatory, government, or other sports organization accepting the “Code”.

**Athlete Support Personnel**
Any coach, trainer, manager, agent, team staff, official, medical or para-medical personnel working with or treating athletes participating in or preparing for sports competition.

**Attempt**
Purposely engaging in conduct that constitutes a substantial step in a course of conduct planned to culminate in the commission of an anti-doping rule violation. Provided, however, there shall be no anti-doping rule violation based solely on an attempt to commit a violation if the person renunciates the attempt prior to it being discovered by a third party not involved in the attempt.

“Code”
Competition
A single race, match, game or singular athletic contest. For example, the finals of the Olympic 100-metre dash. For stage races and other athletic contests where prizes are awarded on a daily or other interim basis the distinction between a competition and an event will be as provided in the rules of the applicable International Federation.

Consequences of Anti-Doping Rules Violations
An athlete’s or other person’s violation of an anti-doping rule may result in one or more of the following: (a) Disqualification means the athlete’s results in a particular competition or event are invalidated, with all resulting consequences including forfeiture of any medals, points and prizes; (b) Ineligibility means the athlete or other person is barred for a specified period of time from participating in any competition or other activity or funding as provided in Regulation 21.10.8 (Status During Ineligibility); and (c) Provisional Suspension means the athlete or other person is barred temporarily from participating in any competition prior to the final decision at a hearing conducted under Regulation 21.8 through 21.8.6 (Right to a Fair Hearing).

Disqualification
See Consequences of Anti-Doping Rules Violations above.

Doping Control
The process including test distribution planning, sample collection and handling, laboratory analysis, results management, hearings and appeals.

Event
A series of individual competitions conducted together under one ruling body (e.g., the Olympic Games, ISAF World Championships, or Pan American Games).

In-Competition
For purposes of differentiating between In-Competition and Out-of-Competition testing, In-Competition is defined as that period of time between the scheduled time of the warning signal of the first race of the event, up to the closure of protest time following the final race of the event.

Independent Observer Programme
A team of observers, under the supervision of WADA, who observe the doping control process at certain events and report on observations. If WADA is testing In-Competition at an event, the observers shall be supervised by an independent organization.

Ineligibility
See Consequences of Anti-Doping Rules Violations above.

International Event
An event where the International Olympic Committee, the International Paralympic Committee, an International Federation, a Major Event Organization, or another international sport organization is the ruling body for the event or appoints the technical officials for the event.

**No Advance Notice**
A doping control which takes place with no advance warning to the athlete and where the athlete is continuously chaperoned from the moment of notification through sample provision.

**No Fault or Negligence**

**Out-of-Competition**
Any doping control which is not In-Competition. When a doping control is conducted on the day of a competition in which the affected competitor has competed or is entered or expected to compete, the test shall be considered as In-Competition. **Use**

**Definition of Doping**

21.1 Doping is defined as the occurrence of one or more of the anti-doping rule violations as detailed in Regulation 21.2 through Regulation 21.2.7 of these Anti-Doping Rules.

**Anti-Doping Rule Violations**
The following constitute anti-doping rule violations:

21.2 The presence of a prohibited substance or its metabolites or markers in an athlete’s bodily specimen

(a) It is each athlete’s personal duty to ensure that no prohibited substance enters his or her body. Athletes are responsible for any prohibited substance or its metabolites or markers found to be present in their bodily specimens. Accordingly, it is not necessary that intent, fault, negligence or knowing use on the athlete's part be demonstrated in order to establish an anti-doping violation under Regulation 21.2.

(b) Excepting those substances for which a quantitative reporting threshold is specifically identified in the Prohibited List, the detected presence of any quantity of a prohibited substance or its metabolites or markers in an athlete’s sample shall constitute an anti-doping rule violation.

(c) As an exception to the general rule of Regulation 21.2, the Prohibited List may establish special criteria for the evaluation of prohibited substances that can also be produced endogenously.

21.2.1 Use or attempted use of a prohibited substance or a prohibited method

(a) The success or failure of the use of a prohibited substance or prohibited method is not material. It is sufficient that the prohibited substance or prohibited method was used or attempted to be used for an anti-doping rule violation to be committed.
21.2.2 Refusing, or failing without compelling justification, to submit to sample collection after notification as authorized in these Anti-Doping Rules or otherwise evading sample collection.

21.2.3 Violation of the requirements regarding athlete availability for Out-of-Competition Testing (OOCT) including failure to provide required whereabouts information set forth in Regulation 21.5.4 (Athlete whereabouts requirements) and missed tests which are declared based on reasonable rules.

21.2.4 Tampering, or attempting to tamper, with any part of doping control.

21.2.5 Possession of prohibited substances and methods.

(a) Possession by an athlete at any time or place of a substance that is prohibited in OOCT or a prohibited method unless the athlete establishes that the possession is pursuant to a therapeutic use exemption granted in accordance with Regulation 21.4.3 (Therapeutic Use) or other acceptable justification.

(b) Possession of a prohibited substance that is prohibited in OOCT or a prohibited method by athlete support personnel in connection with an athlete, event or training, unless the athlete support personnel establishes that the possession is pursuant to a therapeutic use exemption granted to an athlete in accordance with Regulation 21.4.3 (Therapeutic Use) or other acceptable justification.

21.2.6 Trafficking in any prohibited substance or prohibited method.

21.2.7 Administration or attempted administration of a prohibited substance or prohibited method to any athlete, or assisting, encouraging, aiding, abetting, covering up or any other type of complicity involving an anti-doping rule violation or any attempted violation.

Proof of Doping

21.3 Burdens and Standards of Proof

ISAF and its MNAs shall have the burden of establishing that an anti-doping rule violation has occurred. The standard of proof shall be whether ISAF or its MNA has established an anti-doping rule violation to the comfortable satisfaction of the hearing body bearing in mind the seriousness of the allegation which is made. This standard of proof in all cases is greater than a mere balance of probability but less than proof beyond a reasonable doubt. Where these Rules place the burden of proof upon the athlete or other person alleged to have committed an anti-doping rule violation to rebut a presumption or establish specified facts or circumstances, the standard of proof shall be by a balance of probability.

21.3.1 Methods of Establishing Facts and Presumptions

Facts related to anti-doping rule violations may be established by any reliable means, including admissions. The following rules of proof shall be applicable in doping cases:

(a) WADA-accredited laboratories are presumed to have conducted sample analysis and custodial procedures in accordance with the International Standard for Laboratory Analysis. The athlete may rebut this presumption by establishing that a departure from the international standard occurred.

If the athlete rebuts the preceding presumption by showing that a departure from the international standard occurred, then ISAF or its MNA shall have the burden to establish that such departure did not cause the adverse analytical finding.

(i) Departures from the International Standard for Testing which did not cause an adverse analytical finding or other anti-doping rule violation shall not invalidate such results. If the athlete establishes that departures from the international standard occurred during testing then ISAF or its MNA shall have the burden
to establish that such departures did not cause the *adverse analytical finding* or the factual basis for the anti-doping rule violation.

**The Prohibited List**

21.4 Incorporation of the Prohibited List

These Anti-Doping Rules incorporate the Prohibited List. ISAF will make the current Prohibited List available to each MNA, and each MNA shall ensure that the current Prohibited List is available to its members and constituents.

21.4.1 Prohibited Substances and Prohibited Methods Identified on the Prohibited List

Unless provided otherwise in the Prohibited List and/or a revision, the Prohibited List and revisions shall go into effect under these Anti-Doping Rules three months after publication of the Prohibited List by WADA without requiring any further action by ISAF. As described in Article 4.2 of the "Code", ISAF may request that WADA expand the Prohibited List for the sport of sailing, or certain disciplines within the sport of sailing. ISAF may also request that WADA include additional substances or methods, which have the potential for abuse in the sport of sailing, in the monitoring programme described in Article 4.5 of the "Code". As provided in the "Code", WADA shall make the final decision on such requests by ISAF.

21.4.2 Criteria for Including Substances and Methods on the Prohibited List

As provided in Article 4.4.3 of the "Code", WADA’s determination of the prohibited substances and prohibited methods that will be included on the Prohibited List shall be final and shall not be subject to challenge by an athlete or other person.

21.4.3 Therapeutic Use

(a) **Athletes** with a documented medical condition requiring the use of a prohibited substance or a prohibited method must first obtain a Therapeutic Use Exemption ("TUE").

(b) **Athletes** included by ISAF in its registered testing pool and other athletes prior to their participation in any international event must obtain a TUE from ISAF (regardless of whether the athlete previously has received a TUE at the national level). TUEs granted by ISAF shall be reported to the athlete’s MNA and to WADA. Other athletes subject to testing may obtain a TUE from their National Anti-Doping Organization or other body designated by their MNA. MNAs shall promptly report any such TUEs to ISAF and WADA.

(c) The ISAF Executive Committee shall appoint a panel of physicians to consider requests for TUEs (the "TUE Panel" - which shall consist of the current members of the ISAF Medical Commission). Upon ISAF's receipt of a TUE request, the Chair of the TUE Panel shall appoint one or more members of the TUE Panel (which may include the Chair) to consider such request. The TUE Panel member(s) so designated shall promptly evaluate such request in accordance with the International Standard for Therapeutic Use Exemptions and render a decision on such request, which shall be the final decision of ISAF.

(i) **International-level athletes** who are included in the ISAF’s registered testing pool, should apply to ISAF for the TUE at the same time the athlete first provides whereabouts information to ISAF and, except in emergency situations, no later than 21 days before the athlete’s participation at an international event.

(ii) **Athletes** participating in international events who are not included in the ISAF registered testing pool must, except in emergency situations, request a TUE from ISAF no later than 21 days before the athlete’s participation at an international event.
(iii) In offshore races of more than 50 nautical miles, the use of any banned substance or banned procedure for emergency medical treatment shall be recorded. The ISAF Medical Commission may retroactively approve such use and possession of such medications as might be reasonably required if the acute situation or exceptional circumstances are confirmed to the satisfaction of the Medical Commission.

(iv) If any prohibited substances carried on board are used, an explanation will need to be provided and the process for retroactive TUE will take place.

(v) With the approval of the ISAF or a Member National Authority or National Olympic Committee (NOC), a Team Doctor or a Doctor who is responsible for sailing competitors, officials and others in the care of that Doctor, may carry and employ such medications as the circumstances may require and as might be properly used in the undertaking of the Hippocratic oath. The ISAF Medical Commission may retroactively approve such use.

(d) WADA, at the request of an athlete or on its own initiation, may review the granting or denial of any TUE to an international-level athlete or a national level athlete that is included in a registered testing pool. If WADA determines that the granting or denial of a TUE did not comply with the International Standard for Therapeutic Use Exemptions in force at the time then WADA may reverse that decision. Decisions on TUEs are subject to further appeal as provided in Regulation 21.13 through Regulation 21.13.4. (Appeals).

Testing

21.5 Authority to Test
All athletes affiliated with a MNA shall be subject to In-Competition testing (ICT) by ISAF, the athlete’s MNA, and any other anti-doping organization responsible for testing at a competition or event in which they participate. All athletes affiliated with a MNA shall also be subject to OOCT at any time or place, with or without advance notice, by ISAF, WADA, the athlete’s MNA, the National Anti-Doping Organization of any country where the athlete is present, the IOC during the Olympic Games, and the IPC during Paralympic Games.

21.5.1 Responsibility for ISAF Testing
ISAF shall be responsible for overseeing all testing conducted by ISAF. Testing may be conducted by members of ISAF or by other qualified persons so authorized by ISAF.

21.5.2 Testing Standards
Testing conducted by ISAF and its MNAs shall be in substantial conformity with the International Standard for Testing in force at the time of testing.

(a) Blood (or other non-urine) samples may be used either to detect prohibited substances or prohibited methods or for screening procedure purposes only. If the blood is collected for screening only, it will have no other consequences for the athlete other than to identify him/her for a urine test under these anti-doping rules. In these circumstances, ISAF may decide at its own discretion which blood parameters are to be measured in the screening sample and what levels of those parameters will be used to indicate that an athlete should be selected for a urine test.

21.5.3 Co-ordination of Testing
ISAF and MNAs shall promptly report completed tests through the WADA clearinghouse to avoid unnecessary duplication in testing.
21.5.4 Athlete Whereabouts Requirements

(a) ISAF has identified a registered testing pool of those athletes who are required to provide up-to-date whereabouts information to ISAF. ISAF may revise its registered testing pool from time to time as appropriate. Each athlete in the registered testing pool shall file semi-annual reports with ISAF on forms provided by ISAF ADAMS, (WADA’s Anti-Doping Administration and Management System) which must specify on a daily basis the locations and times where the athlete will be residing, training and competing. A minimum block of 2 hours whereabouts information is required daily. Athletes shall update this information as necessary so that it is current at all times. The ultimate responsibility for providing whereabouts information rests with each athlete, however, it shall be the responsibility of each MNA to use its best efforts to assist ISAF in obtaining whereabouts information as requested by ISAF.

(b) Any athlete in the ISAF registered testing pool who is unavailable for testing on three attempts during any period of 18 consecutive months shall be considered to have committed an anti-doping rule violation pursuant to Regulation 21.2.3. For each attempt, the Doping Control Officer shall visit all locations during the times specified by the athlete for that date and shall stay two hours at each location. Notification shall be sent to the athlete between each attempt which is to be counted as an unavailable test.

(c) Any athlete in the ISAF registered testing pool who fails to timely submit a required semi-annual whereabouts report after receipt of two formal written warnings from ISAF or a MNA to do so in the preceding 18 months shall be considered to have committed an anti-doping rule violation pursuant to Regulation 21.2.3.

(d) Each MNA shall also assist their National Anti-Doping Organization in establishing a national level registered testing pool of top level national athletes who are not already included in ISAF’s registered testing pool. The MNA/National Anti-Doping Organization may establish its own whereabouts reporting requirements and criteria for Regulation 22.2.3 violations applicable to those athletes.

(e) Whereabouts information provided pursuant to Regulation 21.5.4(a) and (d) shall be shared with WADA and other anti-doping organizations having jurisdiction to test an athlete on the strict condition that it be used only for doping control purposes.

Note: It is the responsibility of each MNA to ensure that all national-level testing on the MNAs athletes complies with these Anti-Doping Rules. In some cases, the MNA itself will be conducting the doping control described in these Anti-Doping Rules. In other countries, many of the doping control responsibilities of the MNA have been delegated or assigned by statute to a National Anti-Doping Organization. In those countries, references in these Anti-Doping Rules to the MNA shall apply, as applicable, to the MNAs National Anti-Doping Organization.

21.5.5 Retirement and Return to Competition

(a) An athlete who has been identified by ISAF for inclusion in ISAF’s registered testing pool shall continue to be subject to these Anti-Doping Rules, including the obligation to be available for No Advance Notice OOCT, unless and until the athlete gives written notice to ISAF that he or she has retired or until he or she no longer satisfies the criteria for inclusion in the ISAF’s registered testing pool and has been so informed by ISAF.

(b) An athlete who has given notice of retirement to ISAF may not resume competing unless he or she notifies ISAF at least six months before he or she expects to return to competition and is available for unannounced OOCT, at any time during the period before actual return to competition.
(c) MNAs/National Anti-Doping Organizations may establish similar requirements for retirement and returning to competition for athletes in the national registered testing pool.

21.5.6 Selection of Athletes to be Tested
(a) At international events, ISAF shall determine the number of finishing placement tests, random tests and target tests to be performed.

The following athletes shall be tested for each competition at an international event.

(i) For events competed with single handed boats: Each athlete finishing in one of the top three placements in the competition, plus one other athlete in the competition selected at random.

(ii) For all other events: One athlete selected at random from each of the top three finishing teams, plus one athlete selected at random from any of the other teams in the competition.

21.5.7 MNAs and the organizing committees for MNA events shall provide access to independent observers at events as directed by ISAF.

Analysis of Samples
Doping Control samples collected under these Anti-Doping Rules shall be analyzed in accordance with the following principles:

21.6 Use of Approved Laboratories
ISAF shall send doping control samples for analysis only to WADA-accredited laboratories or as otherwise approved by WADA. The choice of the WADA-accredited laboratory (or other method approved by WADA) used for the sample analysis shall be determined exclusively by ISAF.

21.6.1 Substances Subject to Detection
Doping control samples shall be analyzed to detect prohibited substances and prohibited methods identified on the Prohibited List and other substances as may be directed by WADA pursuant to the Monitoring Programme described in Article 4.5 of the "Code".

21.6.2 Research on Samples
No sample may be used for any purpose other than the detection of substances (or classes of substances) or methods on the Prohibited List, or as otherwise identified by WADA pursuant to its Monitoring Programme, without the athlete's written consent.

21.6.3 Standards for Sample Analysis and Reporting
Laboratories shall analyze doping control samples and report results in conformity with the International Standard for Laboratory Analysis.

Results Management
21.7 Results Management for Tests Initiated by ISAF
Results management for tests initiated by ISAF (including tests performed by WADA pursuant to agreement with ISAF) shall proceed as set forth below:

(a) The results from all analyses must be sent to ISAF in encoded form, in a report signed by an authorized representative of the laboratory. All communication must be conducted in such a way that the results of the analyses are confidential.

(b) Upon receipt of an A sample adverse analytical finding, the ISAF Anti-Doping Administrator shall conduct a review to determine whether: (a) an applicable TUE has been granted, or (b) there is any apparent departure from the International
Standards for Testing or Laboratory Analysis that undermines the validity of the adverse analytical finding.

(c) If the initial review under Regulation 21.7(b) does not reveal an applicable TUE or departure from the International Standard for Testing or the International Standard for Laboratory Analysis in force at the time of testing or analysis that undermines the validity of the adverse analytical finding, ISAF shall promptly notify the athlete of: (a) the adverse analytical finding; (b) the anti-doping rule violated, or, in a case under Regulations 21.7(h) or (i), a description of the additional investigation that will be conducted as to whether there is an anti-doping rule violation; (c) the athlete's right to promptly request the analysis of the B sample or, failing such request, that the B sample analysis may be deemed waived; (d) the right of the athlete and/or the athlete's representative to attend the B sample opening and analysis if such analysis is requested; and (e) the athlete's right to request copies of the A and B sample laboratory documentation package which includes information as required by the International Standard for Laboratory Analysis.

(d) Arrangements shall be made for testing the B sample within three weeks of the notification described in Regulation 21.7(c) An athlete may accept the A sample analytical results by waiving the requirement for B sample analysis. ISAF may nonetheless elect to proceed with the B sample analysis.

(e) The athlete and/or his representative shall be allowed to be present at the analysis of the B sample. Also a representative of the athlete's MNA as well as a representative of ISAF shall be allowed to be present.

(f) If the B sample proves negative, the entire test shall be considered negative and the athlete, his MNA, and ISAF shall be so informed.

(g) If a prohibited substance or the use of a prohibited method is identified, the findings shall be reported to the athlete, his MNA, ISAF, and to WADA.

(h) The ISAF Anti-Doping Administrator shall conduct any follow-up investigation as may be required by the Prohibited List. Upon completion of such follow-up investigation, ISAF shall promptly notify the athlete regarding the results of the follow-up investigation and whether or not ISAF asserts that an anti-doping rule was violated.

(i) For apparent anti-doping rule violations that do not involve adverse analytical findings, ISAF shall conduct any necessary follow-up investigation and shall then promptly notify the athlete of the anti-doping rule which appears to have been violated, and the basis of the violation.

21.7.1 Results Management for Tests Initiated During Other International Events
Results management and the conduct of hearings from a test by the International Olympic Committee, the International Paralympic Committee, or a major event organization, shall be managed, as far as sanctions beyond disqualification from the event or the results of the event, by ISAF.

21.7.2 Results Management for Tests initiated by MNAs
(a) Results management conducted by MNAs shall be consistent with the general principles for effective and fair results management which underlie the detailed provisions set forth in Regulation 21.7. Results of all doping controls shall be reported to ISAF within 14 days of the conclusion of the MNAs results management process. Any apparent anti-doping rule violation by an athlete who is a member of that MNA shall be promptly referred to an appropriate hearing panel established pursuant to the rules of the MNA or national law. Apparent anti-doping rule violations by athletes who are members of another MNA shall be referred to the athlete's MNA for hearing.
(b) Unless for reason of unavoidable and necessary delay, communicated to and agreed with ISAF, there shall be a maximum time limit of three months from the notification of the positive B test to the confirmation of the penalty to be imposed by the MNA. The ISAF Executive Committee will have the right to impose direct sanctions. The penalty shall start from the date of the suspension. The suspension shall start with immediate effect from the notification of the positive B test.

21.7.3 Provisional Suspensions
The ISAF Executive Committee, after consultation with the ISAF Anti-Doping Administrator, may provisionally suspend an athlete prior to the opportunity for a full hearing based on an adverse analytical finding from the athlete's A sample or A and B samples and the review described in Regulation 21.7. If a provisional suspension is imposed, either the hearing in accordance with Regulation 21.8 through 21.8.6 - (Right to a Fair Hearing) shall be advanced to a date which avoids substantial prejudice to the athlete, or the athlete shall be given an opportunity for a provisional hearing before imposition of the provisional suspension or on a timely basis after imposition of the provisional suspension. MNAs may impose provisional suspensions in accordance with the principles as detailed in this Regulation 21.7.2.

Right to a Fair Hearing
21.8 When it appears, following the results management process described in Regulation 21.7 through 21.7.3 (Results Management), that these Anti-Doping Rules have been violated, the athlete or other person involved shall be brought before a disciplinary panel of the athlete or other person's MNA for a hearing to adjudicate whether a violation of these Anti-Doping Rules occurred and if so what consequences should be imposed. Such hearing process shall respect the following principles:
   (a) a timely hearing;
   (b) fair and impartial hearing body;
   (c) the right to be represented by counsel at the person's own expense;
   (d) the right to be fairly and timely informed of the asserted anti-doping rule violation;
   (e) the right to respond to the asserted anti-doping rule violation and resulting consequences;
   (f) the right of each party to present evidence, including the right to call and question witnesses (subject to the hearing body's discretion to accept testimony by telephone or written submission);
   (g) the person's right to an interpreter at the hearing, with the Doping Panel to determine the identity, and responsibility for the cost of the interpreter; and
   (h) a timely, written, reasoned decision.

21.8.1 Hearings pursuant to this Regulation shall be completed expeditiously and in all cases within three months of the completion of the Results Management process described in Regulation 21.7 through 21.7.3 (Results Management). Hearings held in connection with events may be conducted by an expedited process. If the completion of the hearing is delayed beyond three months, ISAF may elect, if the athlete is an international-level athlete, to bring the case directly to a single arbitrator from the Court of Arbitration for Sport. The case before the Court of Arbitration for Sport shall be handled in accordance with the Court of Arbitration for Sport appeal procedure without reference to any time limit for appeal. If the completion of the hearing is delayed beyond three months, and the athlete is not an international-level athlete, ISAF may elect to bring the case directly to the national level appellate body referenced in Regulation 21.13.1(b). In either case, the hearing shall proceed at the responsibility of and the expense of the MNA. In either case the appeal from such decision shall be to the Court of Arbitration for Sport.
21.8.2 MNAs shall keep ISAF fully informed as to the status of pending cases and the results of all hearings.

21.8.3 ISAF shall have the right to attend hearings as an observer.

21.8.4 The athlete or other person may forego a hearing by acknowledging the violation of these Anti-Doping Rules and accepting consequences consistent with Regulations 21.9 - (Automatic Disqualification of Individual Results), and 21.10 through 21.10.9 - (Sanctions on Individuals) as proposed by the MNA.

21.8.5 Decisions by MNAs, whether as the result of a hearing or the athlete or other person’s acceptance of consequences, may be appealed as provided in Regulation 21.13 through 21.13.4 - (Appeals).

21.8.6 Hearing decisions by the MNA shall not be subject to further administrative review at the national level except as provided in Regulations 21.13 through 21.13.4 - (Appeals) or as required by applicable national law.

**Automatic Disqualification of Individual Results**

21.9 A violation of these Anti-Doping Rules in connection with an ICT automatically leads to disqualification of the individual result obtained in that competition with all resulting consequences, including forfeiture of any medals, points and prizes.

**Sanctions on Individuals**

21.10 Disqualification of Results in Event During which an Anti-Doping Rule Violation Occurs

An Anti-Doping Rule violation occurring during or in connection with an event may lead to disqualification of all of the athlete’s individual results obtained in that event with all consequences, including forfeiture of all medals, points and prizes, except as provided in Regulation 21.10(a).

(a) If the athlete establishes that he or she bears no fault or negligence for the violation, the athlete’s individual results in the other competition shall not be disqualified unless the athlete’s results in a competition other than the competition in which the anti-doping rule violation occurred were likely to have been affected by the athlete’s anti-doping rule violation.

21.10.1 Imposition of Ineligibility for Prohibited Substances and Prohibited Methods

Except for the specified substances identified in Regulation 21.10.2, the period of ineligibility imposed for a violation of Regulation 21.2(a) - (c) (presence of prohibited substance or its metabolites or markers), Regulation 21.2.1(a) (use or attempted use of prohibited substance or prohibited method) and Regulation 21.2.5(a) & (b) (Possession of prohibited substances and methods) shall be:

- **First violation:** Two (2) years' ineligibility.
- **Second violation:** Lifetime ineligibility.

However, the athlete or other person shall have the opportunity in each case, before a period of ineligibility is imposed, to establish the basis for eliminating or reducing this sanction as provided in Regulation 21.10.4(a) -(c)

21.10.2 Specified Substances

The Prohibited List may identify specified substances which are particularly susceptible to unintentional anti-doping rules violations because of their general availability in medicinal products or which are less likely to be successfully abused as doping agents. Where an athlete can establish that the use of such a specified substance was not intended to enhance sport performance, the period of ineligibility found in Regulation 21.10.1 shall be replaced with the following:
First violation: At a minimum, a warning and reprimand and no period of ineligibility from future events, and at a maximum, one (1) year's ineligibility.

Second violation: Two (2) years' ineligibility.

Third violation: Lifetime ineligibility.

However, the athlete or other person shall have the opportunity in each case, before a period of ineligibility is imposed, to establish the basis for eliminating or reducing (in the case of a second or third violation) this sanction as provided in Regulation 21.10.4(a) - (c).

21.10.3 Ineligibility for Other Anti-Doping Rule Violations

The period of ineligibility for other violations of these Anti-Doping Rules shall be:

(a) For violations of Regulation 21.2.2 (refusing or failing to submit to sample collection) or Regulation 21.2.4 (Tampering with doping control), the ineligibility periods set forth in Regulation 21.10.1 shall apply.

(b) For violations of Regulation 21.2.6 (Trafficking) or Regulation 21.2.7 (administration of prohibited substance or prohibited method), the period of ineligibility imposed shall be a minimum of four (4) years up to lifetime ineligibility. An anti-doping rule violation involving a minor shall be considered a particularly serious violation, and, if committed by athlete support personnel for violations other than specified substances referenced in Regulation 21.10.2, shall result in lifetime ineligibility for such athlete support personnel. In addition, violations of such Regulations which also violate non-sporting laws and regulations, may be reported to the competent administrative, professional or judicial authorities.

(c) For violations of Regulation 21.2.3 (Whereabouts Violations or Missed Tests), the period of ineligibility shall be:

First violation: Three (3) months to one (1) year ineligibility.

Second and subsequent violations: Two (2) years' ineligibility.

21.10.4 Elimination or Reduction of Period of Ineligibility Based on Exceptional Circumstances

(a) If the athlete establishes in an individual case involving an anti-doping rule violation under Regulation 21.2(a) - (c) (Presence of prohibited substance or its metabolites or markers) or use of a prohibited substance or prohibited method under Regulation 21.2.1(a) that he or she bears no fault or negligence for the violation, the otherwise applicable period of ineligibility shall be eliminated. When a prohibited substance or its markers or metabolites is detected in an athlete's specimen in violation of Regulation 21.2(a) - (c) (Presence of prohibited substance), the athlete must also establish how the prohibited substance entered his or her system in order to have the period of ineligibility eliminated. In the event this Regulation is applied and the period of ineligibility otherwise applicable is eliminated, the anti-doping rule violation shall not be considered a violation for the limited purpose of determining the period of ineligibility for multiple violations under Regulation 21.10.1, 21.10.2 and 21.10.5(a) - (c).

(b) This Regulation 21.10.4(b) applies only to anti-doping rule violations involving Regulation 21.2(a) - (c) (Presence of prohibited substance or its metabolites or markers), use of a prohibited substance or prohibited method under Regulation 21.2.1(a), failing to submit to sample collection under Regulation 21.2.2, or administration of a prohibited substance or prohibited method under Regulation 21.2.7. If an athlete establishes in an individual case involving such violations that he or she bears no significant fault or negligence, then the period of ineligibility may
be reduced, but the reduced period of *ineligibility* may not be less than one-half of the minimum period of *ineligibility* otherwise applicable. If the otherwise applicable period of *ineligibility* is a lifetime, the reduced period under this section may be no less than 8 years. When a prohibited substance or its markers or metabolites is detected in an athlete's specimen in violation of Regulation 21.2(a) - (c) (Presence of prohibited substance), the athlete must also establish how the prohibited substance entered his or her system in order to have the period of *ineligibility* reduced.

(c) The ISAF Executive Committee may also reduce the period of *ineligibility* in an individual case where the athlete has provided substantial assistance to ISAF which results in ISAF discovering or establishing an anti-doping rule violation by another person involving possession under Regulation 21.2.5(b) (Possession by athlete support personnel), Regulation 21.2.6 (Trafficking), or Regulation 21.2.7 (administration to an athlete). The reduced period of *ineligibility* may not, however, be less than one-half of the minimum period of *ineligibility* otherwise applicable. If the otherwise applicable period of *ineligibility* is a lifetime, the reduced period under this Regulation may be no less than 8 years.

21.10.5 Rules for Certain Potential Multiple Violations

(a) For purposes of imposing sanctions under Regulation 21.10.1, 21.10.2 and 21.10.3 (a) - (c), a second anti-doping rule violation may be considered for purposes of imposing sanctions only if ISAF (or its MNA) can establish that the athlete or other person committed the second anti-doping rule violation after the athlete or other person received notice, or after ISAF (or its MNA) made a reasonable attempt to give notice, of the first anti-doping rule violation; if ISAF (or its MNA) cannot establish this, the violations shall be considered as one single first violation, and the sanction imposed shall be based on the violation that carries the more severe sanction.

(b) Where an athlete, based on the same doping control, is found to have committed an anti-doping rule violation involving both a specified substance under Regulation 21.10.2 (Specified substances) and another prohibited substance or prohibited method, the athlete shall be considered to have committed a single anti-doping rule violation, but the sanction imposed shall be based on the prohibited substance or prohibited method that carries the most severe sanction.

(c) Where an athlete is found to have committed two separate anti-doping rule violations, one involving a specified substance governed by the sanctions set forth in Regulation 21.10.2 (Specified substances) and the other involving a prohibited substance or prohibited method governed by the sanctions set forth in Regulation 21.10.1 or a violation governed by the sanctions in Regulation 21.10.3(a), the period of *ineligibility* imposed for the second offense shall be at a minimum two years' *ineligibility* and at a maximum three years' *ineligibility*. Any athlete found to have committed a third anti-doping rule violation involving any combination of specified substances under Regulation 21.10.2 (Specified substances) and any other anti-doping rule violation under Regulation 21.10.1 or 21.10.3(a) shall receive a sanction of lifetime *ineligibility*.

21.10.6 Disqualification of Results in Competitions Subsequent to Sample Collection

In addition to the automatic disqualification of the results in the competition which produced the positive sample under Regulation 21.9 - (Automatic Disqualification of Individual Results), all other competitive results obtained from the date a positive sample was collected (whether In-Competition or Out-of-Competition), or other doping violation occurred, through the commencement of any provisional suspension or *ineligibility* period, shall, unless fairness requires otherwise, be disqualified with all of the resulting consequences including forfeiture of any medals, points and prizes.
21.10.7 Commencement of Ineligibility Period

The period of **ineligibility** shall start on the date of the hearing decision providing for **ineligibility** or, if the hearing is waived, on the date **ineligibility** is accepted or otherwise imposed. Any period of **provisional suspension** (whether imposed or voluntarily accepted) shall be credited against the total period of **ineligibility** to be served. Where required by fairness, such as delays in the hearing process or other aspects of **doping control** not attributable to the **athlete**, **ISAF** or the **Anti-Doping Organization** imposing the sanction may start the period of **ineligibility** at an earlier date commencing as early as the date of **sample collection**.

21.10.8 Status During Ineligibility

No **person** who has been declared **ineligible** may, during the period of **ineligibility**, participate in any capacity in an **event** or activity (other than authorized anti-doping education or rehabilitation programmes) authorized or organized by **ISAF** or any MNA. In addition, for any anti-doping rule violation not involving specified substances described in Regulation 21.10.2 (Specified substances), some or all sport-related financial support or other sport-related benefits received by such **person** will be withheld by **ISAF** and its MNAs. A **person** subject to a period of **ineligibility** longer than four years may, after completing four years of the period of **ineligibility**, participate in local sport events in a sport other than sports subject to the jurisdictions of **ISAF** and its MNAs, but only so long as the local sport event is not at a level that could otherwise qualify such **person** directly or indirectly to compete in (or accumulate points toward) a national championship or **international event**.

21.10.9 Reinstatement Testing

As a condition to regaining eligibility at the end of a specified period of **ineligibility**, an **athlete** must, during any period of **provisional suspension** or **ineligibility**, make him or herself available for OCCT by **ISAF**, the applicable MNA, and any other **Anti-Doping Organization** having **testing** jurisdiction, and must provide current and accurate whereabouts information as provided in Regulation 21.5.4(a) - (e). If an **athlete** subject to a period of **ineligibility** retires from sport and is removed from OCCT pools and later seeks reinstatement, the **athlete** shall not be eligible for reinstatement until the **athlete** has notified **ISAF** and the applicable MNA and has been subject to OCCT for a period of time equal to the longer of the period set forth in Regulation 21.5.5(a) - (c) or the period of **ineligibility** remaining as of the date the **athlete** had retired. During such remaining period of **ineligibility**, a minimum of 2 tests must be conducted on the **athlete** with at least three months between each test. The MNA shall be responsible for conducting the necessary tests, but tests by any **Anti-Doping Organization** may be used to satisfy the requirement. The results of such tests shall be reported to **ISAF**. In addition, immediately prior to the end of the suspension period, an **athlete** must undergo **testing** by **ISAF** for the **prohibited substances** and methods for OOCT. Once the period of an **athlete**'s suspension has expired, and the **athlete** has fulfilled the conditions of reinstatement, then the **athlete** will become automatically re-eligible and no application by the **athlete** or by the **athlete**'s MNA will then be necessary.

**Consequences to Teams**

21.11 If a crewmember of a boat is found to have committed a violation of these Anti-Doping Rules during an **event**, the boat shall be disqualified from the whole **event**.

In Team Racing, if a crewmember is found to have committed a violation of these Anti-Doping Rules during an **event**, the whole team will be disqualified from the whole **event**.

For **events** with boats with more than 5 **persons** on board, the boat will be disqualified for that relevant race and the **person** disqualified for the whole **event**.
Sanctions and Costs Assessed Against Member National Authorities

21.12 The ISAF Executive Committee has the authority to withhold some or all funding or other non-financial support to MNAs that are not in compliance with these Anti-Doping Rules.

Appeals

21.13 Decisions Subject to Appeal

Decisions made under these Anti-Doping Rules may be appealed as detailed below in Regulation 21.13.1 through 21.13.3. Such decisions shall remain in effect while under appeal unless the appellate body orders otherwise. Before an appeal is commenced, any post-decision review authorized in Regulation 21.8.6 must be exhausted.

21.13.1 Appeals from Decisions Regarding Anti-Doping Rule Violations, Consequences, and Provisional Suspensions

A decision that an anti-doping rule violation was committed, a decision imposing consequences for an anti-doping rule violation, a decision that no anti-doping rule violation was committed, a decision that ISAF or its MNA lacks jurisdiction to rule on an alleged anti-doping rule violation or its consequences, and a decision to impose a provisional suspension as a result of a provisional hearing or otherwise in violation of Regulation 21.7.3 may be appealed exclusively as provided in this Regulation 21.13.1. Notwithstanding any other provision herein, the only person that may appeal from a provisional suspension is the athlete or other person upon whom the provisional suspension is imposed.

(a) In cases arising from competition in an international event or in cases involving international-level athletes, the decision may be appealed exclusively to the Court of Arbitration for Sport ("CAS") in accordance with the provisions applicable before such court.

(b) In cases under Regulation 21.13.1(a), the following parties shall have the right to appeal to CAS: (a) the athlete or other person who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) ISAF and any other Anti-Doping Organization under whose rules a sanction could have been imposed; (d) the International Olympic Committee or International Paralympic Committee, as applicable, where the decision may have an effect in relation to the Olympic Games or Paralympic Games, including decisions affecting eligibility for the Olympic Games or Paralympic Games; and (e) WADA. In cases under Regulation 21.13.1(b), the parties having the right to appeal to the national-level reviewing body shall be as provided in the MNAs rules but, at a minimum, shall include: (a) the athlete or other person who is the subject of the decision being appealed; (b) the other party to the case in which the decision was rendered; (c) ISAF; and (d) WADA. For cases under Regulation 21.13.1(b), WADA and ISAF shall also have the right to appeal to CAS with respect to the decision of the national-level reviewing body.

21.13.2 Appeals from Decisions Granting or Denying a Therapeutic Use Exemption

Decisions by WADA reversing the grant or denial of a TUE exemption may be appealed exclusively to CAS by the athlete, ISAF, or National Anti-Doping Organization or other body designated by a MNA which granted or denied the exemption. Decisions to deny therapeutic use exemptions, and which are not reversed by WADA, may be appealed by international-level athletes to CAS and by other athletes to the national level reviewing body described in Regulation 21.13.1(b). If the national level reviewing body reverses the decision to deny a therapeutic use exemption, that decision may be appealed to CAS by WADA.

21.13.3 Appeal from Decisions Pursuant to Regulation 21.12 - 21.12.1 (Sanctions and Cost assessed against MNAs)
Decisions by ISAF pursuant to Regulation 21.12 - 21.12.1 may be appealed exclusively to CAS by the MNA.

21.13.4 Time for Filing Appeals
The time to file an appeal to CAS shall be twenty-one (21) days from the date of receipt of the decision by the appealing party.

**Member National Authorities Incorporation of ISAF Rules, Reporting and Recognition**

21.14 Incorporation of ISAF Anti-Doping Rules
All MNAs shall comply with these Anti-Doping Rules. These Anti-Doping Rules shall also be incorporated either directly or by reference into each MNA’s Rules. All MNAs shall include in their regulations the procedural rules necessary to effectively implement these Anti-Doping Rules. Each MNA shall obtain the written acknowledgement and agreement, in the form attached as Appendix 1, of all athletes subject to doping control and athlete support personnel for such athletes. Notwithstanding whether or not the required form has been signed, the Rules of each MNA shall specifically provide that all athletes, athlete support personnel and other persons under the jurisdiction of the MNA shall be bound by these Anti-Doping Rules.

21.14.1 Doping Control Information Clearing House
When an MNA has received an adverse analytical finding on one of its athletes it shall report the following information to ISAF and WADA within fourteen (14) days of the process described in Regulation 21.7(b): the athlete’s name, country, sport and discipline within the sport, whether the test was In-Competition or Out-of-Competition, the date of sample collection and the analytical result reported by the laboratory. The MNA shall also regularly update ISAF and WADA on the status and findings of any review or proceedings conducted pursuant to in Regulation 21.7 through 21.7.3 - (Results Management), Regulation 21.8 - 21.8.6 (Right to a Fair Hearing) or Regulation 21.13 through 21.13.4 - (Appeals), and comparable information shall be provided to ISAF and WADA within 14 days of the notification described in Regulation 21.7(i), with respect to other violations of these Anti-Doping Rules. In any case in which the period of ineligibility is eliminated under Regulation 21.10.4(a) (No Fault or Negligence) or reduced under Regulation 21.10.4(b) (No Significant Fault or Negligence), ISAF and WADA shall be provided with a written reasoned decision explaining the basis for the elimination or reduction. Neither ISAF nor WADA shall disclose this information beyond those persons within their organizations with a need to know until the MNA has made public disclosure or has failed to make public disclosure as required in Regulation 21.14.2 below.

21.14.2 Public Disclosure
Neither ISAF nor its MNA shall publicly identify athletes whose samples have resulted in adverse analytical findings, or who were alleged to have violated other Regulations of these Anti-Doping Rules until it has been determined in a hearing in accordance with Regulation 21.8 through 21.8.6 (Right to a Fair Hearing) that an anti-doping rule violation has occurred, or such hearing has been waived, or the assertion of an anti-doping rule violation has not been timely challenged or the athlete has been provisionally suspended. 22. ISAF SAILOR CLASSIFICATION CODE

**General**
The ISAF Sailor Classification Code exists as a service to provide Events and Classes with an international system of classification for sailors.

Events and Classes are not under any obligation to use a classification system but should they wish to do so the ISAF Code is the only system that shall be used.

Events organized for boats currently selected as equipment for the Olympic Sailing Competition shall not include any provision, whether in Class Rules, the Notice of Race or the Sailing Instructions preventing sailors from taking part, whatever their classification.

When the ISAF Sailor Classification Code is selected for an event it shall be stated in the Notice of Race unless already stated in the Class Rules.

The display of advertising on a boat or equipment beyond Category A in the Advertising Code, does not influence the competitor’s classification in this Code.

22.1 **Definitions of this Code**

**Work** includes:
employment, self-employment, and any ad-hoc activity whether full time, part time or occasional and whether in person or through a partnership, limited company or any other organization and including any services for which there is payment or financial benefit directly or indirectly.

**Pay and its derivatives means:**
the receipt by a sailor of; or the acceptance by a sailor of an offer to him to give money, money’s worth, remuneration, fees, grants, gratuities, any financial benefit whether arising directly or indirectly or compensation in any form whether received by him or an associate, but not including Personal Expenses.
Personal Expenses means:
a grant towards; or
provision of; or
reimbursement of money not exceeding the amount of reasonable expense incurred for
entry fees, travel, accommodation and meals in connection with and necessary for a
specific event.

Entrant means:
as the context requires, the boat, the person or organization that enters the boat (RRS 75) and the person in charge (RRS 46).

Racing means:
Taking part in races organized in accordance with RRS 88.

The Classification Authority:
is ISAF.

The Classification Date is:
the date when a classification or change of classification is requested, or, if later, the date
when a classification is validly challenged by a protest or appeal.

The Qualification Period to become a Group 1 competitor is:
24 months before the Classification Date, during which the competitor has not been
engaged in Group 3 activities; or

12 months before the Classification Date, during which the competitor has not been
engaged in Group 2 activities.

The Qualification Period to change from a Group 3 competitor to a Group 2 competitor is:
12 months before the Classification Date, during which the competitor has not been
engaged in Group 3 activities.

The Crew Deadline is:
the date stated in the Notice of Race by which time a complete crew list for each entrant
shall be submitted.

The Classification Protest Limit Time is:
the time and date stated in the Notice of Race or Sailing Instructions after which a boat
shall not protest a classification under regulation 22.5.1.

Competitor Classifications
22.2 The classifications of competitors are to be determined as follows:

22.2.1 Group 1
(a) Except as provided below, a Group 1 competitor is a competitor who has completed
the qualification period and:

(i) takes part in racing only as a pastime, and whose work does not require
knowledge or skill capable of contributing to the performance of a boat or
boats in a race or series; and

(ii) has not been paid in connection with participation in racing.

(b) However, a competitor who before his or her 24th birthday has engaged in Group 2
or Group 3 activities for no more than 100 days in the Qualification Period is a
Group 1 competitor and a competitor who has not yet reached his 18th birthday is a Group 1 competitor.

A competitor, who is not a Group 3 competitor and any of whose work at any time in the 12 months before the Classification Date has been in a marine business or organization, is:

(i) a Group 1 competitor if the work does not utilize or require knowledge or skill capable of contributing to the performance of a boat or boats in a race or series, and is limited to being an investor, business adviser, manager, administrator or production worker, provided that he or she is not for any other reason a Group 2 or 3 competitor otherwise;

(ii) a Group 2 competitor.

22.2.2 Group 2

A Group 2 competitor is a competitor who is not a Group 1 competitor and has not been a Group 3 competitor in the Qualification Period.

22.2.3 Group 3

A Group 3 competitor is a competitor who, within the Qualification Period

(a) has been paid for work that includes:

(i) competing in a race, and/or

(ii) managing, training, practising, tuning, testing, maintaining or otherwise preparing a boat, its crew, sails or equipment for racing, and then competed on that boat, or in a team competition, in a boat of the same team; or

(b) has been paid for allowing his or her name or likeness to be used in connection with his or her sailing performance, sail racing results or sailing reputation, for the advertising or promotion of any product or service; or

(c) has publicly identified himself or herself as a Group 3 competitor or as professional racing sailor; or

(d) has been paid for services in connection with the provision of a boat for racing and then competed on that boat, or in a team competition, in a boat of the same team, other than as a spectator.

Classification Procedures

22.3.1 A competitor may be required to be a member of his/her MNA to hold a valid ISAF Sailor Classification.

22.3.2 It is the responsibility of the competitor to declare his or her correct classification and to notify the Classification Authority immediately of any change of circumstances that may result in a change of classification. A competitor shall not hold more than one classification at the same time.

22.3.3 A competitor, having read this Code, shall declare his or her classification by completing a form approved by ISAF and submitting it to the Classification Authority.

22.3.4 There is no fee. The Classification Authority shall review each form (the initial review) and confirm or correct the competitor's classification within 28 days of receiving all necessary information. It may ask the competitor to supply further information, or may itself seek further information from any source.
22.3.5 A classification, once issued, shall remain in force for two years, unless the classification is previously changed, suspended or cancelled by the Classification Authority:

(a) because the competitor has submitted a form indicating that his or her classification has changed; or

(b) because the Classification Authority believes it has good reason to do so; or

(c) as a result of an appeal requested by the competitor under regulation 22.3.6.

However when a competitor would have been classified as Group 2 or 3 but for regulation 22.2.1(b) the Classification Authority may issue a classification that shall only remain in force up to his 24th birthday.

22.3.6 When a competitor does not agree with a classification made by the Classification Authority (the initial review), the competitor may appeal to the Classification Authority using the process on the ISAF website or by such other method as shall be notified in the ISAF Yearbook.

(a) Appeals shall be considered by three members of the Classification Authority (the Appeal Panel) who were not party to the initial review. No more than two shall be from the same country.

(b) The Appeal Panel will consider the Appeal and review the information in the Appeal, the initial review and any previous application and where necessary ask for more information from the competitor, from the original reviewers, or from any other source. It may uphold, change or reverse the initial decision, dismiss the appeal or declare it invalid.

(c) The Appeal Panel having made its decision after receiving all necessary information will inform the competitor of its decision in writing. A fee may be payable.

(d) The initial review shall be binding on the competitor until the decision of the Appeal Panel is published.

(e) Subject to the provisions of Regulation 51, the decision of the Appeal Panel shall be final.

22.3.7 The Classification Authority may decline to issue a classification or may suspend a current classification when the competitor has been penalized under RRS 69 for a classification matter. Such refusal or suspension shall not be longer than the period during which the competitor’s eligibility is suspended under Rule 69.

22.3.8 ISAF will maintain and publish on a website a list of the classifications of competitors. The list will state the status or expiry date of the classification.

22.3.9 Information provided by the competitor or from any other source shall be kept confidential within the Classification Authority and the ISAF Secretariat and not disclosed to any other person except to an International Jury or Member National Authority which has been sent a report by the Classification Authority concerning the competitor’s classification or sent a report under RRS 69 and then only after notifying the competitor through the classification process.

22.3.10 When asked to do so by the Organizing Authority of an event to which this Code applies and which has appointed an International Jury, the Classification Authority may appoint a Classification Committee for the event and delegate to it the power to classify, or change the classification of, a competitor for that event only.

Details shall be included in the Notice of Race and the Classification Authority’s written authorization shall be available for inspection at the event.
When a Classification Committee has been appointed a competitor may ask the Classification Authority for a review of a Classification Committee decision before the Crew Deadline for the event, after which the competitor may ask the International Jury for such a review. Regulations 22.5.4 and 22.5.5 shall apply.

Event Procedures

22.4.1 The entrant shall give to the Organizing Authority, no later than the Crew Deadline in the Notice of Race, a Crew List stating the ISAF User ID and classification of each competitor. The Crew List may comprise more competitors than will take part in any one race, in which case the entrant shall also give the Organizing Authority, no later than the Crew Deadline in the Notice of Race, a Crew List for each race.

22.4.2 An entrant wishing to use a competitor not included in the initial Crew List shall submit to the Organizing Authority a revised Crew List no later than the Crew Deadline when no change to the crew is permitted after that time, otherwise as soon as possible.

22.4.3 The Organizing Authority will display the latest Crew Lists on the Official Notice Board as soon as possible after the Crew Deadline.

22.4.4 The Notice of Race, Sailing Instructions or Class Rules may alter these arrangements.

Protest Grounds and Procedure

22.5.1 After the Crew Deadline a boat may be protested on the grounds that:
   (a) when classification for a competitor was applied for, information that should have led to a higher classification was not disclosed; or
   (b) a competitor has, since being classified, engaged in activities incompatible with the classification

and that the boat would break the Crew Limitations in the Notice of Race, Sailing Instructions or Class Rules were the classification to be corrected. The time limit for a boat to protest is the Classification Protest Time Limit, or, if later, 24 hours after the posting of a changed Crew List. The Sailing Instructions may state a different time limit.

22.5.2 When a protest is upheld, and:
   (a) the boat has not yet raced in the event, the boat will not be penalized; but if
   (b) the decision to uphold the protest is made after the boat has raced in the event, the boat shall be disqualified from all races already completed;

The boat shall not race with that competitor as crew, unless the Sailing Instructions permit a change of crew after the Crew Deadline and then only when the Protest Committee is satisfied that the boat meets the Crew Limitations.

22.5.3 The protestee is entitled, on request, to present evidence of a personal or private nature in the absence of the protestor, and the Protest Committee shall not record that evidence in the protest decision. When the Protest Committee, on hearing the evidence, is not satisfied that it is of a personal or private nature, it shall disregard the evidence unless it is offered again in the presence of the protestor. This changes RRS 63.3(a).

22.5.4 When the Protest Committee is in doubt as to the classification of a competitor, it may refer its facts found to the Classification Authority and shall be governed by the decision by the Classification Authority on those facts.

22.5.5 The Protest Committee shall report its decision to the Classification Authority.

The ISAF Classification Code application form can be completed online at: www.sailing.org/classification

ISAF World Match Race Rankings

Ranking Divisions

24.2.1 There shall be two divisions - Open and Women. The Women's Division is limited to events which specify that all crew members, including the skipper, shall be women. All other events are Open. Points scored in Women's events shall count only towards the
Women’s ranking list. Points scored by an all women team in an Open event shall count towards the Open list and the Women’s list, without any adjustment.

**Administration**

24.2.2 (a) **Application for Grading**

ISAF will provide grading application forms on request.

The form shall be completed by the event organizer, endorsed by the relevant Member National Authority and received by the ISAF Secretariat at least four months prior to the event. This may be by electronic mail. An event grading will then be allocated by ISAF.

When Grade 1 is requested and the event clashes with an existing Grade 1 event, the latest event to submit its application will be requested to change its dates. Failure to change dates may result in downgrading. An event applying for Grade 2 may be notified of other Grade 1 or 2 events being held at the same time as soon after application as practical and be given the option to select alternate dates. Event organizers are requested to avoid clashes by checking their dates with other events shown on the ISAF Website.

Events that submit a grading application for Grade 1 prior to 30 November for the following calendar year will be informed of other events applying for the same dates and given the opportunity to select alternative dates. If the event elects to retain the original dates, ISAF may approve two Grade 1 events with the same dates provided that all Grade 1 criteria are achieved.

Events that submit a grading application for Grade 1 after 30 November for the following calendar year will not be approved if the event dates clash with a Grade 1 event previously approved.

After the dates of the ISAF Match Racing World Championship have been declared and posted on the ISAF Website, no event will be approved as Grade 1 if the dates clash.

These criteria apply equally, but separately to both Women’s and Open Match Racing Events.

The allocation of gradings by the ISAF Secretariat will be checked on a sample basis, as directed by the Chairman of the Match Racing Committee. A report of event gradings will be made annually to the Match Race Committee.

(b) **ISAF Event Report**

The organizers shall submit an ISAF event report, including the results and other specified information, checked and signed by the Chief Umpire. The event report shall then be sent by fax or e-mail to the ISAF Secretariat. It shall be submitted within 5 days for events graded 3, 4 or 5, or within 24 hours for events graded 1 or 2.

(c) **Re-grading of Events**

Events may be re-graded retrospectively when there is clear reason to do so. An event applying to be up-graded retrospectively must satisfy ISAF that it clearly meets all the criteria of the higher grading.

Application for upgrading shall be made at the time of submission of the results and be accompanied by an application form completed in full. The application form will be similar to the initial application form appropriate to the grade of event.

An event will only be downgraded when it fails to meet the criteria by a substantial margin, or when it does not comply with the administration requirements.
(d) Invitations and acceptances

A skipper accepting an invitation but withdrawing within two months of the event may be reported by the organizer to the ISAF. After review by ISAF late withdrawals may receive a "zero" score, which must be counted for the competitor's ranking.

Invitations should be in writing and include the following statement:

"Should you accept this invitation and later withdraw within two months of the event it is possible for a zero score to be applied to your Ranking points for that event by ISAF."

(e) Umpire Insurance

In signing the Grading Form, Events confirm that all umpires will be covered by comprehensive liability insurance in an amount of not less than £480,000 per occurrence covering legal liability in respect of personal injury and property damage. The cover should include (but not be limited to) liability directly or indirectly arising from the ownership, possession or use of any watercraft in connection with the umpire’s duties.

(f) ISAF Sailor ID

As from 1 January 2003, Results from Graded Match Race Events shall be sent to ISAF with Skippers ISAF Sailor ID’s included. Skippers may register for ISAF Sailor at: www.sailing.org/isafsailor

(g) Media Rights
