New Arbitration added in App L

A submission from the Koninklijk Nederlands Watersport Verbond

Purpose or Objective

To add a template for arbitration to RRS Appendix L.

Proposal

Add the experimental Appendix Arbitration to Appendix L as an example for Arbitration.

Current Position

Submission 201-14 Experimental Appendix on the Internet.

Reasons

1. An experimental appendix on the internet does not get the attention needed for an experiment
 2. Adding the text to Appendix L makes it available for all Race Committees to use and experiment with it.
