

## **Racing Rules of Sailing**

### Regulation Numbering

A submission from the Chairmen of the Constitution Committee and Racing Rules Committee

#### **Purpose or Objective**

Housekeeping changes.

#### **Proposal**

1. Change the number of current Regulation 37, Betting and Anti-Corruption Code, from '37' to '23'.
2. Change the number of current Regulation 23 from '23' to '24'.
3. Move current Regulation 24 into current Regulation 25, and number the resulting Regulation '25'.
4. Revise the Table of Contents (on the first two pages of the Regulations) to reflect the above changes.
5. Change the Regulation numbers in the references to the Betting and Anti-Corruption Code in The Racing Rules of Sailing to reflect the above changes.

#### **Current Position**

As above

#### **Reason**

To number and locate the new Betting and Anti-Corruption Code in the same orderly way that the other four codes are numbered and located. This will make it easier for readers to find the code and allow for a simpler, more consistent set of references to the five ISAF codes in *The Racing Rules of Sailing*.
