

The medal race quarantine area for the RS:X Men and RS:X Women is in the RS:X tent on the side closest to the beach (left as you enter the tent). Top 10 RS:X Men are to be placed closest to the entrance and top 10 RS:X Women are at the far end of the tent. Teams that are not in the medal race are requested to move their equipment from these quarantine areas as soon as possible after racing.
