Please state any recommendations for future World Championships at (1) the same venue and (2) generally in terms of logistic of running a World Championship (not venue specific points)

1) Club Náutico Albatros is a modern club with all amenities and facilities. In addition to a fleet of 55 boats competing in the Worlds fleet, there were also boats competing in the Promotional fleet. An absolute record attendance for a World Championship in South America. 2) The organizing committee has made every effort to make the fleet, which is a family fleet, feel at home. Apart from first class sailing conditions they had a full social programme that fully catered to the needs of the sailors and their non-sailing parents and siblings. As always a Cadet World Championship is used by a number of families as their annual holiday.
