- **Name of event chief measurer:**
- **Organization quality grade:** very good
- **Venue good points:** Dervio is a wunderful place to sail. Relyable thermals winds offer perfect racing conditions. The location of the club allows fast access to the racing area.
- **Recommendations for future World Championship events:**
  - **Venue:** We had a written agreement between the club and the organising Class Associations to specify the most important points about the regatta. This proved a very good basis for working together with the club.
  - **General in terms class logistic of running a World Championship:**
    - **In Dervio Race Officer Ion Echave and the president of the Jury Piero Occhetto did a very good job by communicating actively with the class and club representatives.**
    - **This is especially valuable in an amature class with a mix of experienced and unexperienced sailors. It is important to involve the race officer and jury president from an early stage in the organisation, so the understand the needs and specialties of the class.**
- **Next major venues (worlds and continental):**
