

# Event Reference Manual Referee

How to complete an event reference

All event references for race officials developing to international status are collected online through the World Sailing Survey Money Apply Application Platform.

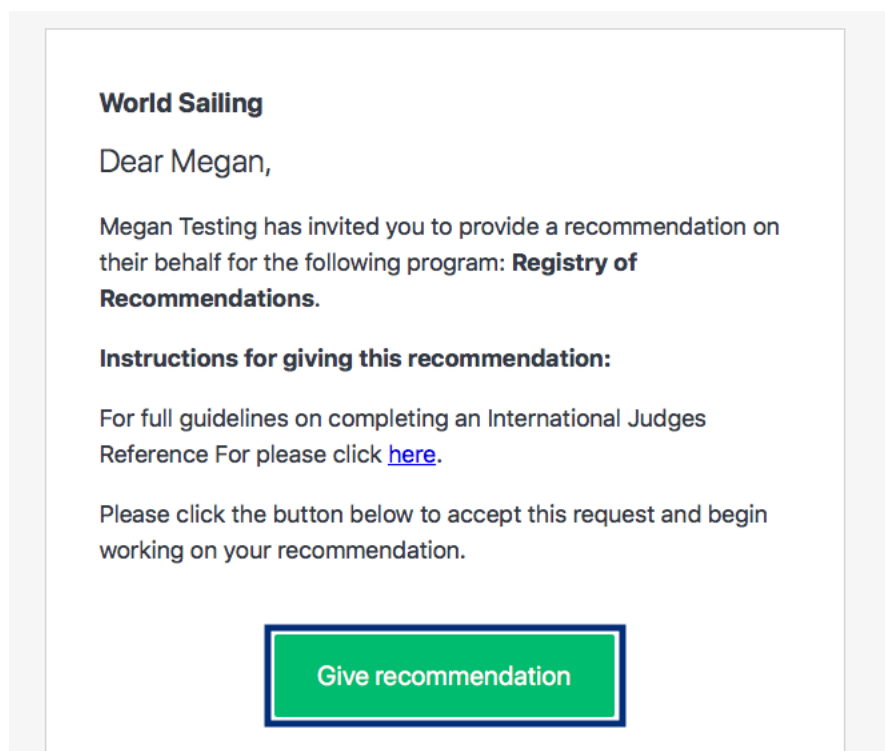

The World Sailing platform for Race Official applications can be found at the following link:

<https://worldsailing.smapply.io>

To begin the process the official shall be required to set up an account and request the reference. The referee (yourself) will receive an email with a link to complete the reference.

**Please note: If the official contacts you to confirm they have requested the reference but you have not received the email, please check your junk mail inbox.**

The email received shall contain the following information. Please click the Give Recommendation to proceed to complete the reference.

This link shall transfer you to the World Sailing Race Officials platform. If you have not previously used the platform, please follow the instructions to register. If you already have an account please proceed to log in.
