Amendment One

C.3 PERSONAL EQUIPMENT
C.3.1 MANDATORY
Add: “
(b) The use of inflatable personal flotation devices is not permitted.”

Amendment Two

C.5.2 ELECTRONIC EQUIPMENT
Amend to read: “
In addition to the optional equipment referred to in C.5.1, where provided by the organising authority and stipulated in the SI one or more devices may be used which have the capability to measure, display, record and broadcast information relating to the boat’s position, heading, header and lift information, VMG, time, and/or speed. Such devices will not indicate to the crew during a race the time to, distance to, or the boats’ location in relation to marks, start/finish lines, or other boats, provide any information or data to the crew during a race.”

Amendment Three

C.6.1.3 MODIFICATIONS
Amend to read: “
(f) a single block of no more than 30mm diameter may be attached to the mast using the mast step fixing screw and a lacing eye, or mast step to assist in hoisting the mainsail, or the existing hole in the gooseneck.”
Amend to read: “
(t) a single tiller extension of any material, supplier and length may be used. A spare tiller extension may be carried on board but only one extension may be attached to the tiller at any one time. The spare may be temporarily held in place using flexible adhesive tape, shock cord, or “velcro” provided that this does not modify the intended purpose, purchase or action of any equipment and provided that such material shall not be used in such a way as to create a fitting or extend a function of a permitted fitting or alter the shape of the boat.”

Amendment Four

C.6.1.6 LIMITATIONS
Amend to read: “
Only one hull, rudder stock, tiller, tiller extension, set of hull appendages, mast, boom and bowsprit, and 2 sets of sails shall be used in any one event, except when lost or damaged beyond repair. Any replacement shall only be made with the approval of the Race Committee. Not more than 1 mainsail and 1 spinnaker shall be carried aboard when racing.”
