1. Offshore Doubles

That World Sailing recognize a partnership between World Sailing and the Offshore Doubles Association to promote the Olympic Mixed Offshore Doubles Event and more broadly, the discipline of doublehanded offshore racing.

2. L-30 Class application:

Recommendation to Council: Reject.

Comments: The application does not meet the global distribution requirements. The Committee does not consider the class to serve a unique aspect of sailing to recommend waiving this requirement. The Committee will consider again the application once it meets the minimum global requirements.
