2019 Report to RRC from the Case Book Working Party (CBWP)

After the 2018 meetings in Sarasota, the CBWP edited each of the cases that the RRC had approved. Then, after the RRC voted on several of the edited cases, it prepared and issued the 2019 Supplement to the Case Book. It then updated the online version of the Case Book to include all the changes and additions in the Supplement.

In preparation for the 2019 meetings in London, the CBWP studied and commented on each of three submissions that proposed a new case (Submissions 236-19, 237-19 and 238-19). In their comments, the CBWP indicated whether they recommended approval or rejection for each submissions. Their recommendations and comments are on the Trello cards for those submissions.

Dick Rose, CBWP Chairman
