The RRS Judicial Matters WP provides a valuable link between the Constitution and Racing Rules Committees. This is essential as a number of Regulations are also Racing Rules. We have worked together to bring forward submissions aimed at clarifying and improving the processes of applying the Racing Rules and to respond to the Boards decision to widen the application of the World Sailing Code of Ethics.

A number of Q&A arising throughout the year have been referred to the WP and the Constitution Committee to ensure that the answers have the support of both groups.

One MNA requested clarification of the rules applied by an International Jury at an event. This was referred to the Judicial WP who recommended a number of actions to improve the application of the Racing Rules at events.
