

RRC 2018 – Missing Marks WP and Waypoint Appendix WP

The Waypoint Appendix WP continues to review the appendix in conjunction with the Appendix SY WP with submission to be developed for 2019.

The Missing Marks WP has not made significant progress. However, as missing marks is generally only an issue for offshore racing, RRC will consider combining these WP for 2019.

Christophe Gaumant – Waypoint Appendix WP

Ion Echave – Missing Marks WP
