

Offshore Special Regulations

Submission: **SR05-21**

OSR 4.05.1 – Fire Blanket

A submission from Sail Canada

Purpose or Objective

To prevent fires.

Proposal

****** 4.05.1 A fire blanket adjacent to every cooking device ~~with an open flame~~

Current Position

As above without the proposed change.

Reasons

An electric heating element has no open flame but it can heat cooking oil to a temperature above its ignition temperature.
