

## 2024 Olympic Sailing Competition

### Events & Equipment

A submission from the Czech Sailing Association

#### Purpose or Objective

As the 2020 Tokyo Olympic Games were postponed World Sailing should have a plan even if rescheduled Olympic Games 2021 will be cancelled or postponed because of the global health situation. The main purpose of the proposal is to prevent the waste of effort, time, and money, invested by competitors and MNA in good faith if the games were cancelled. If the games were postponed again, there would be no time to prepare for the change of event and equipment.

#### Proposal

Insert new regulation:

**23.1.11 If 2020 Olympic Sailing competition will be cancelled or postponed again following changes in the World Sailing Regulations will be made:**

**23.1.11.1 In the regulation 23.1.4 delete “2020 Olympic Events and Equipment” and replace with “2024 Olympic Events and Equipment” and delete “2024 Olympic Events and Equipment” and replace with “2028 Olympic Events and Equipment”**

#### 23.1.11.2

#### Current Position

As above

#### Reasons

Preparations for the Paris Olympic Games (where 3 new Olympic Events will be held) have been slowed down because of the Covid-19 pandemic. The reason for this submission is to protect sailors and MNA’s investment to 2020 olympic campaigns and to give them enough time to adopt their national training programmes. This submission will ensure fair and quality preparations for the Olympic Sailing Competition.
