### Procedure for Acceptance of spinnaker sailcloth types

- 1 Sail cloth types will only be approved if spinnakers made of them will be commonly available
- 2 (a) The cloth weight is determined by referencing an average of the manufacturers' industry-standard test results. The nominal weight shall be greater than 38 g.s.m."
  - (b) A sample of minimum 1m<sup>2</sup> of each cloth shall be sent to the ISAF and the IYA.
  - (c) From time to time ISAF will require from the manufactures their test results relating to cloth weight.
3. Sailcloth manufacturers shall notify the ISAF of any change in cloth production where upon:
  - a. ISAF will decide if the cloth will remain on the approved list, appendix A

## INTERNATIONAL YNGLING CLASS ASSOCIATION

b. If the cloth remains on the list the sail cloth manufacturer shall provide ISAF and the IYA with new cloth samples prior to its use by Yngling sailmakers

4 The ISAF in consultation with the IYA will review the current list and, subject to ISAF approval, accept proposals for new sail cloth materials to be added.
