

Class Rule Changes

ISAF Regulation 26.10

A submission from the International J/22 Class

**PROPOSAL:**

The use of barber haulers with the class jib.

The use of an extender in the mainsheet system.

**CURRENT POSITION AS AT NOVEMBER 2002:**

[Not stated]

**REASON:**

To incorporate the ITC's ruling of 5/01 into the class rules. The use of a length of line between the mast bail/pad eye and the upper block in the mainsheet system is a violation of rule 1.3 and is prohibited.
