Reasons:

1. Clause 1.1 requires a spelling error to be corrected.
2. Equipment related policies require the person reading them to look at Policies D2 and D4 to see requirements for international class associations with a licensed builder system.
3. The recommendation in this proposal to delete clause 1.3 concentrates licensed builder systems into Policy D4.
4. Whilst the changes in this proposal are purely administrative, deletion of clause 1.3 in this policy relies on approval of the proposal addressing Policy D4.
