LIAISON REPORT

TO ISO/TC 188/SC 1	**Name of liaison representative** Philip Stubbs
Date of TC/SC plenary meeting 2026-06-04	
Secretariat	**Name of category A liaison organization** ILAMA
Date of liaison report 2026-04-10	

Information/updates about your organization	ILAMA continues to hold regular technical discussions focusing on the design, manufacture, testing, and maintenance of standards compliant lifesaving appliances. 2026 is the 51st year of the association
Ongoing work within your organization of interest to the ISO/TC 188/SC 1 committee	ILAMA maintains liaison status with the following ISO committees: • ISO/TC8 “Ships and marine technology” • ISO/TC8/SC1 “Maritime Safety” • ISO/TC8/SC4 “Outfitting and deck machinery” • ISO/TC8/SC12 “Ships and marine technology - Large yachts” • ISO/TC188 “Small craft” • ISO/TC188/SC1 “Personal safety equipment”
Recent and upcoming events and activities	ILAMA holds regular general and technical meetings. The next technical committee meeting will be Q4 2026. ILAMA representatives have and will continue to attend relevant ISO meetings including ISO/TC 188/SC 1 “Personal Safety Equipment” in April 2026. ILAMA remains available to review and comment on relevant ISO/TC 188 draft standards upon request.
Specific request(s) for the ISO/TC 188/SC 1 to consider *PLEASE NOTE* that any specific request which would require a decision from the concerned committee must be submitted in **written format** to the ISO/ TC or SC or PC **Committee Manager** at least **six weeks** before the TC/SC/PC plenary meeting	None
